Mrs. Dottie Pilkenton

Water

Dear Mrs. Pilkenton:

The new sewer lines are a God send. The crews are doing an excellent job. I know they have to close some roads to put in the new sewer line but this small inconvenience is worth the new lines. These are desperately needed.

Thank you for posting about grease stopping our sewer line.

The water runs, the sewers work and the garbage gets picked up. You are doing a great job.

Thanks,

Daniel N. Jason
