The District has had much success with customers signing up for the online water bill payments. The website is www.harriscountywcid36.com. Anyone can access this 7 days a week and 24 hours a day for a nominal fee. Alternate methods of payment for your water bill are automatic bank draft, check, or money orders. An authorization form will need to be signed for automatic bank draft along with a voided check to activate the automatic bank draft service. Your monthly bill will still be mailed at the same time, and the bill will reflect "this amount will be drafted from your account by the due date". **The District no longer accepts any cash payments.**

"Fix a Leak Week" is March 16-22, 2015, and we encourage all residents to check for any leaks. Check all faucets for drips, check toilets for silent leaks and make sure all outside faucets are tight and do not drip. A small drip can increase your water consumption and increase your water bill. The District has water conservation pamphlets available in the office, and they are also accessible on the District's website. Also, please remember to monitor your water bill for unusually high use. Your bill and water meter are tools that can help you discover leaks which will save you money.

"Water, please Use It Wisely"!

Some residents have informed the Office that some men are going house to house on the weekends in a grey Honda car requesting to test peoples water. This is not the Water District or any State Agency. District 36's water meets and exceeds all state requirements. Please be cautious and Never open your home to someone that doesn't have the proper District or state credentials. Please notify the District or the Constables office if you become a victim to this. This is a SCAM!
